

## Zack Zaibak, DDS

**DR. ZACK ZAIBAK**, a licensed general dentist in the state of Illinois, has begun to emerge as one of the nation's leading authorities in aesthetic and general dentistry. A nationally renowned and preeminent educator, he has presented seminars and lectures for leading dental companies such as Lumineers and Invisalign. He has created beautiful smiles for media personalities, models, and brides, and has helped repair facial defects in both adults and children. He has been featured on ABC 7 in a segment with Sylvia Perez called "Trendy Teeth," WGN 9, FOX 32, and in *The Star*, *Chicago Tribune*, *Chicago Sun-Times*, and *CS* magazine, to name a few.

Located in the south suburbs just 30 minutes from downtown, The Zaibak Center for Aesthetic Dentistry offers the latest in dental technology, including the use of lasers for the enhancement of gummy smiles, Zoom II (a new teeth whitening procedure), and Invisalign. A strong advocate for utilizing minimally invasive techniques, the practice uses such ground-breaking

methods as Lumineers, which are ultra-thin veneers designed to give you the beautiful smile you have always dreamed of in only two visits. Unlike traditional veneers, they require neither shots nor drilling of sensitive tooth structure. Lumineers are even reversible and are proven to last for more than 20 years.

Dr. Zaibak graduated with a Bachelor of Science from Xavier University as class valedictorian. He received his BSD and DDS from the University of Illinois School of Dentistry. He has since continued to advance his skills by completing an advanced dentistry general practice residency at Loyola Hospital, earning his Masters, becoming certified in forensic dentistry by the United States Navy, and training under some of the world's most prominent cosmetic dentists.

Dr. Zaibak is committed to understanding the needs and desires of each patient and takes great pride in providing the best that dentistry has to offer. In 2011 he published a book about

dental health called *The Hidden Truth Behind Beautiful Smiles*. He is a member of The American Academy of Cosmetic Dentistry and The Chicago Dental Society. Dr. Zaibak is proud to be recognized as one of America's top dentists for the year 2010 by the Consumers' Research Council of America.
